

The Emergency Management Webinar Series is designed to provide participants with up-to-date information on emergency management best practices, approaches, strategies, technologies, as well as individual experiences and success stories. Each webinar involves various speakers presenting on and sharing their experiences related to the chosen topic. At the end of each session, there is an opportunity for questions posed by participants and those submitted in advance via email. In addition to airing live, each webinar is recorded and available for future viewing. These webinars are designed for emergency management practitioners, though applicable to anyone, with an interest to enhancing their emergency management knowledge.

Webinar #35. Welcoming a new ERA of ESS: Adding the Evacuee Registration & Assistance (ERA) tool to the ESS toolbox

Purpose: To provide the ESS community and partner organizations with a better understanding of the recently launched ERA Tool. This presentation will provide an overview of the ERA Tool, the User Groups and Portals and the exploration of innovative solutions for the integration of the tool into ESS business processes.

To submit questions in advance, please email them to emwebinars@jibc.ca by Tuesday, June 23rd and join us for the webinar to hear responses from the panel.

Speakers: Brian Daszko, ESS Specialist & Cari McIntyre, ESS Training Officer, EMBC

Date: WEDNESDAY, June 24th, 2020 Time: 10:00 – 11:00 AM (Pacific Standard Time)

Access URL: <http://jibc.adobeconnect.com/emwebinar35/>
