

Emergency Support Services

COMMUNITY2COMMUNITY WEBINAR SERIES

Emergency Management British Columbia (EMBC) and the ESS Program Office are grateful for the opportunity to work with the Justice Institute of BC (JIBC) to offer a new ESS Community2Community Webinar Series. Each webinar session is facilitated by JIBC and co-hosted by an ESS Community with the option to include additional guests' speakers. This series is designed to provide ESS responders with a forum to share their wise practices, strategies, challenges and innovations, and the resulting lessons learned from activations, training and delivery of ESS. Each session will include opportunities for participants to pose questions (chat function) and contribute to the knowledge sharing (via moderator). Each webinar is live and will be recorded for future viewing. These webinars are open to all those with an interest in enhancing their ESS skills and knowledge.

WEBINAR #1 - THURSDAY, NOVEMBER 26, 2020

10:00-11:00 am (Pacific Time)

Community Host: Nanaimo ESS Team

ESS and the Virtual World – A New Era

A breakdown of how the City of Nanaimo has adopted and successfully implemented the Evacuee Registration & Assistance (ERA) tool. This webinar details wise practices for applying ERA in a Level 1 ESS response and in overall ESS program delivery.

To submit questions in advance for ESS C2C webinar # 1, please email them to ess@jibc.ca by Tuesday, 24th, November 2020 and join us for the webinar to hear responses from the speaker/panel.

Access to the webinar will open 15 minutes before start, log in using the *Guest Access*, a username and password are not required at that time.
