POST-BACCALAUREATE DIPLOMA IN DISASTER MANAGEMENT

STUDY IN ONE OF THE TOP CITIES IN THE WORLD TO LIVE. GAIN THE KNOWLEDGE AND SKILLS TO PURSUE REWARDING CAREERS IN DISASTER MANAGEMENT AND PUBLIC SAFETY.

Be the one in a dynamic and growing field keeping communities safe. If you have a bachelor's degree and are interested in pursuing and advancing your career in the fields of disaster and emergency management, this program is for you.

The Post Baccalaureate Diploma in Disaster Management (PBDDM) provides the opportunity for students to gain a unique combination of theoretical knowledge and applied skills to be prepared to deal with issues from climate change and natural disasters to pandemics and other public safety threats.

Study at a dynamic campus where public safety professionals train – including emergency managers and other first responders. Learn from instructors who have worked in emergency management, business continuity, infrastructure security and crisis communications.

Enjoy living in one of the world's best places to live and Canada's most beautiful provinces as you complete your post-degree diploma.

TOP REASONS TO STUDY AT JIBC:

1. Study in one of the world's best places to live, work, and play
2. Gain transferable skills to excel in your career
3. Be mentored by engaging and encouraging instructors who are respected experts in their field
4. Complete an internationally recognized program
5. Obtain leading-edge academic credentials in public and community safety

WHO SHOULD TAKE THIS PROGRAM?

This post-baccalaureate diploma program is for students who have completed a bachelor's degree who wish to gain a strong foundation in:

- Emergency and disaster management contexts and skills
- Leadership, management, and organizational awareness
- Systems thinking and business practices
- Communication and information management.

STUDY AND LIVE IN ONE OF THE BEST CITIES IN THE WORLD

Justice Institute of British Columbia (JIBC) is located in Metro Vancouver, consistently recognized as one of the top 5 most livable cities in the world.

Its main campus is located in the City of New Westminster. It is in the geographic centre of the Metro Vancouver region of the Lower Mainland of British Columbia. It has easy access to parks, mountain resorts, beaches, forests, other outdoor activities, community amenities, and restaurants offering cuisines from around the world.

International students studying in Canada get a quality education and earn internationally recognized academic credentials to advance their education or career opportunities.

JIBC is a public post-secondary institution funded by the government of British Columbia, and is part of one of the world's best educational systems. It has received the BC EQA (BC Education Quality Assurance) designation recognizing that JIBC programs meet or exceed provincial government quality assurance standards. It is also recognized as an EduCanada institution through a joint initiative with Global Affairs Canada, and the Council of Ministers of Education, Canada for consistently providing high-quality education programs.

JIBC is a member of a number of educational associations, including the BC Association of Institutes and Universities, Colleges and Institutes Canada, and the BC Council for International Education.

WHAT OUR GRADUATES SAY ABOUT THE PROGRAM

"Thanks to JIBC's instructors who have extraordinary practical field skills, I was able to attain what I need to do better in my emergency management career. I would recommend any international student to try out courses offered at JIBC. They will fulfill your intellectual and practical needs."

—Hitoshi Igarashi, JIBC emergency management graduate in the emergency management field in Japan

WHAT WILL I LEARN?

This program provides a unique combination of theoretical knowledge and applied capabilities centered around four key theme areas:

- Emergency and disaster management contexts and skills;
- Leadership, management, and organizational awareness;
- Systems thinking and business practices;
- Communication and information management.

Through active engagement with challenges and problems drawn from real world practice, graduates will:

- Gain a foundation in the core concepts, issues, trends, and practices that inform emergency and disaster management in Canadian and international contexts;
- Analyze and apply the appropriate communications tools to interact effectively with multiple stakeholders in complex, stressful, and ambiguous situations; and
- Manage all components of an emergency program, such as planning, prevention, mitigation, response, and recovery.
